

President Glogster Assignment

As you should know, February is a month known for US presidents. Several of our past presidents had birthdays in February, and we celebrate Presidents day in this month. Your assignment is to create a presentation about a president.

TASK:

Choose the president you want to talk about. Research this president. Find what he is most known for, some things he accomplished as a president. Create a glogster presentation about this president that you will show the rest of the class.

Requirements to add to the glogster:

- Birthday
- Where they are from
- When they were president (years)
- How many terms they served
- Date of death (if they died)
- Some of their greatest accomplishments in office
- What they are known for
- Why you chose this president
